

NORA & NOR TRANS

NORA & NORTRANS GLOBAL LOGISTICS SARL

Your Turkish Global Partner

WHY EAST AFRICA?

OUR DJIBOUTI AND ETHIOPIA BRANCH

As Nora Global Logistics, we launched our Djibouti branch in 2017 and Ethiopian branch offices in 2018 in order to carry out your shipments to/from EastAfrica in the most reliable, fast and professional way.

Djibouti is located in a strategically and geopolitically important position, geographically described as the promontory of the East African region. Therefore, it is the only gate of Ethiopia, which does not have a coast to the sea, that is open to sea transport. Ethiopia is the most preferred country due to its safe transition point from

EastAfrica to CentralAfrican Countries, high and young population ratio and infrastructure competencies. Thanks to our experience and activities in the region and through our branches in EastAfrica, we are in a position that we are able to safely control all logistics and maritime transport activities to the south regions of Somalia (Berbera, Bosaso, Mogadishu ports and Hinterland region) and Kenya in the south, to Eritrea and North Sudan in the north, and to South Sudan in the west.

As Nora Global Logistics, we aim with our experience of over 20 years at providing our valued business partners with our service in the most reliable and fastest way in order to meet their logistics needs for sea and air shipments to the entire EastAfrica region, especially to Djibouti, Ethiopia and Somalia, and for road and railroad shipments to the interior regions of Africa.

CUSTOM SERVICES

PRE CLEARING SERVICES

From the moment you decide to organize your shipments with Nora&Nortransss , you will realize that you have made the right decision. Because our pre-clearance system In order to prevent errors in the documents, we first check the drafts instead of our customers and we recommend you the way it should be. We provide that your shipments do not have problems at customs about documents.

CUSTOM CLEARING SERVICES

Nora&Nortransss's team of experienced personnel is able to offer a professionally personalized service to all of our clients on customs clearance and delivery of the cargo.

All of our declarations are quality controlled by our tariff team prior to submission to customs. We provide regular status reports via e-mail depending on your specific requirements. The report keeps track of your shipment throughout the forwarding and clearing process from the time of placement of the order through to final delivery of the consignment.

Our clearing department can also provide consultancy on customs tariff. WE have made ready our own in house system for Tax Assessment System automation for deployment phase a

and this system is very advance and helps to measure and increase the quality assurance for our tariff classification and customs valuation process. In addition to this system, our senior declarants are also very committed and check every detail of the declaration to meet quality the required assurance.

Nora&Nortranss has a well known reputation on main liner operators such as BBC Chartering, Rickmers, Cosco, Intermarine etc. also RORO operators like a UECC, Eukor, EML, WECO, Bahri etc.

We can offer competitive rates because the power of combination with our other main cargoes.

Logistics in the Horn of Africa can represent more 60% of setup costs and may be a reason for success or can permanently damage a project in assisting international clients with the realisation of important project in various sectors offering extensive support and knowledge of the local environment.

Project managers can therefore prepare, plan accordingly and focus on their core mission while mitigating potential risks. Nora&Nortranss is the international logistics specialist with branch offices in Djibouti, Ethiopia offering key full control of the inland corridors.

DANGEROUS GOODS AND EXPLOSIVE SHIPMENT MANAGEMENT

MO Cargoes needs maximum care and experience. Nora&Nortranss focusing for IMO Cargoes especially for ammunition mainly IMO class 1.1 for military purpose shipments. Our nominated and dedicated staff attends all steps of this sensitive operations and escorting from workshop to port.

AID CARGO TRANSPORT

Since 2014 charters bulk vessels for humanitarian aid to East Africa. We have organised 6 projects only to East Africa. Commodity was flour, sugar as well as aid materials for schools construction, children's clothing, books for kids, and other aid materials. 6 vessels were chartered from Turkey ports for Somalia, Ethiopia, Djibouti, Sudan and Yemen. We took aid cargo from benefactor door and deliver to disaster depots door to door. It is a pleasure for Nora Family to handle this important project that would help humanity and people who are well experienced at this territory.

Our vessel has a frigate escort from Turkish Navy during crossing of the Aden Gulf where it is still risky due to piracy attacks..
